

1	<b>LIGHT DESIGN</b>
2	COMPULSORY
3	EQF 7
4	1ST OR SECOND
5	1
6	4
7	Andrea Paroli – Nazareno Cerquaglia
8	Our goal is to design with light. The students are encouraged to approach light as an artistic material. Nowadays lighting is a tool to enhance building and public spaces. It also plays a major role in shows and popular events around the world like “Cidneon international light festival” in Brescia. This year we will contribute again to Cidneon for the upcoming edition in February 2019.
9	FACE TO FACE
10	No prior knowledge required
11	The course will focus on design. The students will work in team on two projects. The first one will be an art installation for the next edition of Cidneon festival Organizers of the festival will judge the students proposals and a Lighting Company will realize the best one The second project will deal with interior spaces.
12	During the course there will be some lessons about light theory We’ll show many examples of lighting and art installations Also light in famous painting and movie will be discussed
13	-
14	Students will present their two projects.
