Here, at the center of an urban area that is also characterized by its particular vocation to “green” (from Gallo park to Tarello park), is housed the Placement Office as well as the room for 3D printing, laser cutting and experimental research on the metaverse.

lessons

Lesson time usually goes, Monday to Friday, from **08:30 a.m.** until **07:00 p.m.**

Lessons are taken in **Italian**, so the Academy strongly advises Erasmus+ students to take Italian courses before coming.

We do not expect our exchange students to speak fluent Italian;

They'll be mostly integrated in **practical courses**, where teachers may provide individual guidance to international students in English, or switch the language of group work to English when feasible.

Attendance to lessons is mandatory (at least 80%) of every single course.

courses

There are two type of courses:

Semestral and annual ones.

ECTS (30 credits per semester)

For one-semester Erasmus students:

please keep in mind that, in case you're attending an annual course, you'll be necessarily evaluated on ***half of the Programme.***

Therefore, ***credits of annual courses must be halved.***

Please note that ***in two weeks*** from your arrival date, you're strongly recommended to have your Online Learning Agreement (OLA) ready (which also guarantees you the chance to take exams).

exams

Exams are mostly *oral/practical*.

You will receive an immediate evaluation after showing and explaining your final projects (which you've been working on during the whole course period).

Erasmus students should arrive on time and stay in LABA until the end of exams session, otherwise a complete transcript of records will not be guaranteed.

Grades conversion:

<i>ECTS scale</i>	<i>A</i>	<i>B</i>	<i>C</i>	<i>D</i>	<i>E</i>
<i>Definition</i>	<i>excellent</i>	<i>very good</i>	<i>good</i>	<i>satisfying</i>	<i>sufficient</i>
<i>LABA</i>	30/30 e lode	29-28	27-26	25-24-23	18-19-20- 21-22
