Oggetto: Upload dei risultati dell'indagine sulla rilevazione delle opinioni degli studenti, comprensivo di tabelle (contenenti sempre anche i valori assoluti dei rispondenti), grafici e commenti

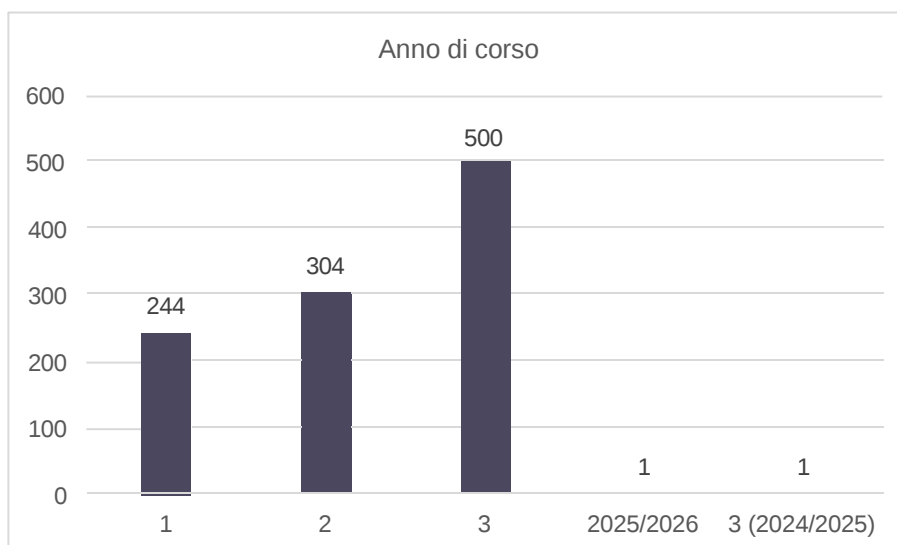

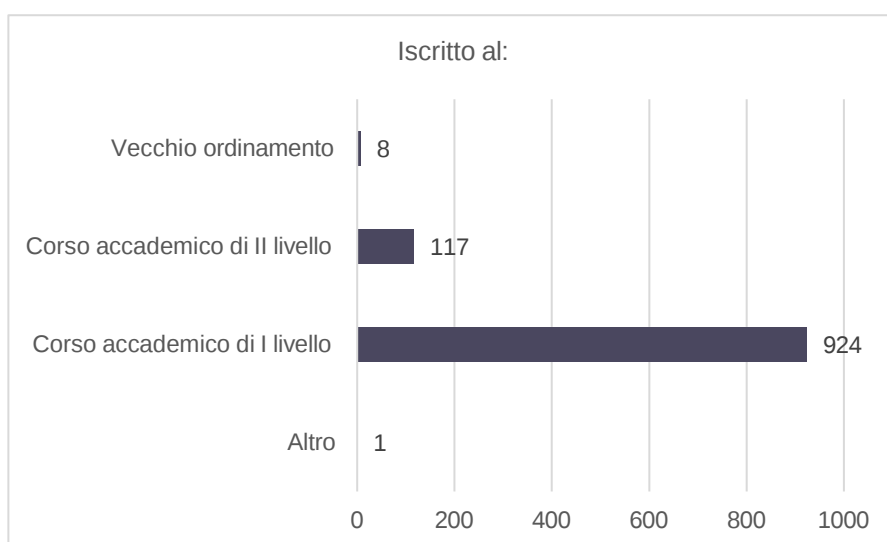

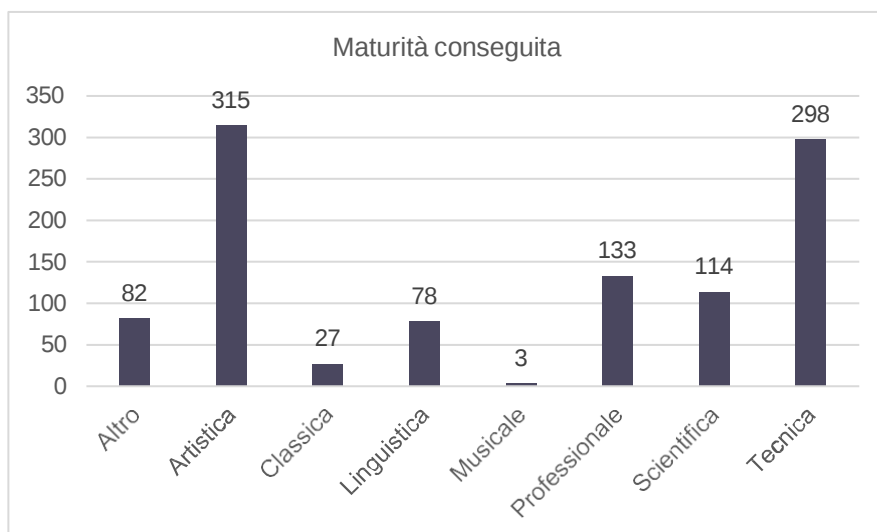

Secondo le indicazioni fornite dall'ANVUR (Agenzia Nazionale di Valutazione del Sistema Universitario e della Ricerca), seguite dall'Accademia LABA, le tempistiche per la somministrazione dei questionari di rilevazione delle opinioni degli studenti devono rispettare alcune linee guida. In particolare, i questionari devono essere somministrati prima dell'inizio dell'anno accademico, preferibilmente entro novembre, e devono riguardare l'anno accademico appena concluso. Pertanto, i risultati presentati si riferiscono all'anno accademico 2024/2025.

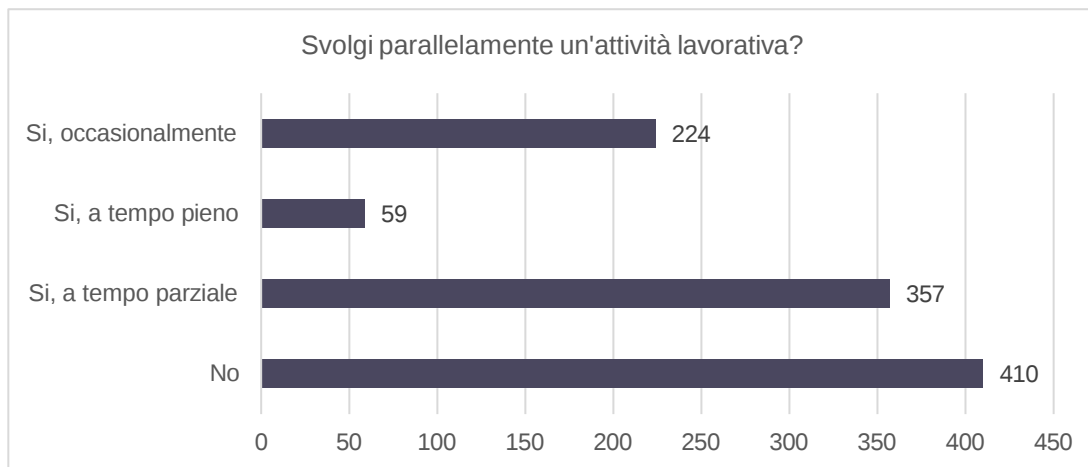

La raccolta delle opinioni è avvenuta tramite il gestionale didattico utilizzato dagli studenti per la gestione della loro carriera accademica. Su un totale di 1350 studenti, sono stati raccolti **1050 questionari**. I risultati di questa rilevazione saranno resi disponibili attraverso la pubblicazione nella sezione "Accademia Trasparente" del nostro sito web.

Riportiamo, di seguito, i risultati.
